

WHY US?

We provide reliable, high-performance automation products built for long-term industrial use.

Delivering reliable, efficient & future-ready automation with connectors, servo motor-drive, and cable solutions.

PRIORITY

Quality you can trust, timely delivery you can depend on, and long-term business relationships that grow with your success.

- High-quality and reliable products
- Fast and on-time delivery
- Strong focus on customer satisfaction
- Long-term partnerships and trust-based relationships
- Transparent communication and support
- Competitive pricing with value-driven solutions
- Continuous improvement and innovation

“We don't just supply products — we build long-term partnerships.”

OUR PRODUCTS

01. Servo Motor & Drive

02. Servo Cables

03. Servo Connectors

04. Raw Cables

05. Industrial Connectors

SERVO MOTOR & DRIVE

WHERE
ENGINEERING
MEETS
MOTION
EXCELLENCE

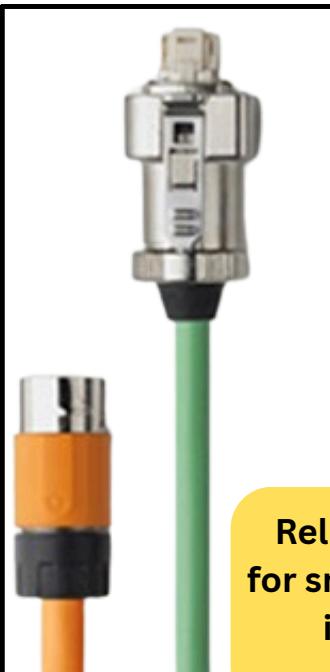

YASKAWA

We supply a complete range of servo motors and drives to meet demanding automation needs.

Specialized in Yaskawa solutions, ensuring seamless performance, high speed, and reliability for every industry.

SERVO CABLES

Reliable servo cable solutions
for smooth motion, strong signal
integrity, and long-term
durability.

BUILT FOR MOTION. TRUSTED
FOR PERFORMANCE.

WHY US?

- Flexible Design for Continuous Dynamic Motion
- High Durability Against Oil, Heat & Chemicals
- Optimised for Accurate Drive-to-Motor Communication
- Long-Life Performance in Industrial Environments
- Available in Standard & Customized Lengths
- Compatible with Major Servo Brands

“Reliable connectivity engineered for precision motion and long operational life.”

SERVO CONNECTORS

High-performance industrial connectors designed for secure, reliable, and precise signal & power transmission across automation systems.

POWER CONNECTOR FOR SERVO SYSTEM

Fuji Power Connector

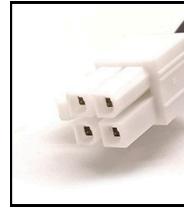

FUJI - UVW

MC 5s - A1

9 Pin DELTA

4 Pin DELTA

M - Series Connectors

M - 8 Series

M - 12 Series

M - 16 Series

M - 23 Series

"Strong Connections. Stronger Performance."

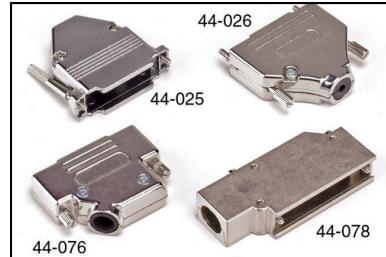

MILE GRADE CONNECTORS

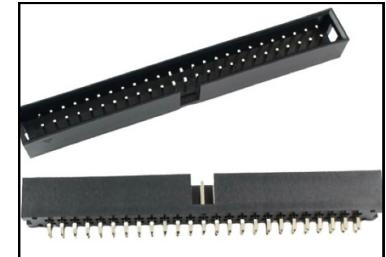

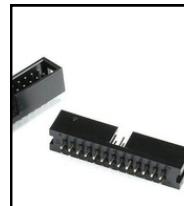

M - 40 Series
